Continuous Noise Monitoring Data

ACL3 (City Hall)

Table with 6 columns of noise monitoring data. Each row contains a date and time followed by a noise level value. The data is organized into six columns, with the first five columns containing noise levels and the sixth column containing a date and time. The noise levels range from approximately 54.1 to 73.9. The date and time in the sixth column range from 01/04/2014 02:26 53.7 to 01/04/2014 02:21 53.7.

Graphic Presentation of Continuous Noise Monitoring Result (ACL3-City Hall)

Graphic Presentation of Continuous Noise Monitoring Result (ACL3-City Hall)

After checking work activities of contractor HK/2012/08, it was found that no major noisy activities were performed during the recorded period. A public fair was carrying out at Central Harbourfront during the recorded time of exceedance. As the exceedance was not continuous, it is considered as non-project related and contributed by the public fair and nearby traffic.
